

## Engine Takes in Small Daytime Fire

Wednesday, October 10 2012 13:07 - Last Updated Wednesday, October 10 2012 13:27

---

Just after finishing up the daily training at the station Engine 73 was dispatched as the third due engine for an apartment fire in the 4600blk of Knox Rd in College Park. Engine 73 arrived on the scene laying a second line and advancing the 400' line to the floor above the fire and checked for extension as well as helped with the primary search of the second floor. With the fire being contained to the first floor command scaled back the incident and Engine 73 cleared the scene in about 15 minutes.
