

Engine Company Responds For First Due Working Fire

Sunday, March 12 2017 22:59 - Last Updated Sunday, March 12 2017 23:19

March 11th, 2017 - Approximately 2100 hours Utility 807 alerted Public Safety Communications of a fully involved working house fire after being alerted by residents in the neighborhood. Engine 807 arrived on scene with a crew of four personnel and established the primary water supply and went in service with the wagon pipe. Per command with the amount of fire present and hazards created due to downed electrical wires on scene an immediate exterior operation was ordered. Crews worked along side units surrounding the first due to control the fire from the exterior. All occupants of the residence were not home at the time.
