Probationary- Military

Whiting, David

Life

Worsham, Martin

Life

Woynicz, Christopher

Probationary - Military

Yasmann, Anthony

Probationary

Zapata, Ramon

EMT

Zentgraf, Andrea

Probationary

** On April 24, 1989, at 1809 hrs. (6:09 pm), when en route to a call, Engine 71 overturned. Since it was a canopy cab, with two stand-up position, both stand-up personnel in the buckets were ejected from the vehicle. One was thrown clear while the other was pinned under the vehicle's driver's side. After a half hour of extrication, F/F Ronald L. Hall was removed and transported to the trauma unit at Prince George's County Hospital Center. It was later determined that to save his life, a portion of his leg would have to be amputated. To show the spirit of a fireman, Ronnie is still undergoing therapy, but can still be found at the firehouse or attending departmental functions. Anything to be part of the action that is the Riverdale Fire Department. For his dedication and determination, his name will forever be carried on the rolls of The Riverdale Fire Department, Inc.
